

SUPPLEMENTARY FIGURE 1. Monkeypox cases by week of report date,* age (A) and race and ethnicity (B) — United States, May 17–October 6, 2022*

*One case with missing information needed to calculate report date is excluded.

† Other race category includes American Indian or Alaska Native; Native Hawaiian or other Pacific Islander; multiple races; and persons who identified as another racial identity. Persons who indicated Hispanic or Latino ethnicity, irrespective of race, were categorized as Hispanic or Latino. Persons with missing data on ethnicity were assumed to be non-Hispanic.
